

Lost Dog

The LHENA office has received this request today via email regarding a lost dog in Standish Ericsson neighborhood, apparently with a Lowry Hill East connection. They would like to have a notice on the LHENA website. The following is the information we have received to date:

My name is Steph and I live in S. Mpls over in the Standish Erickson neighborhood. Last Saturday [July 10, 2010] we found an older husky running through our neighborhood and eventually were able to get to him over at Hiawatha Lake Park. It was clear that it had been on the run for awhile. The only identification he has is a choke collar with a blue rabies tag from 2009. The vet listed on the tag is Dr. den Boer at 24th and Lyndale. We've tried to connect with her several times but she does not return our calls. I've since Googled her and have found out that her license was suspended and she is no longer practicing (she's about 82 years old).

My main goal is to reunite the husky with its owner(s) before trying to find a family for it. So I'm coming to you to see if there is a way to make a post on the LHENA web site. I'm not going to give out all of the info because I want to make sure that if someone does come to claim it that it is the right owner.

So far, my husband has hung up about 50 posters throughout S and SW Mpls. I've posted it on Craigslist, Golden Valley Humane Society, eDemocracy (the Standish n'hood forum), Twitter and Facebook. So far no claims. We're going to try through this week to get him reunited before we make a decision what to do with him. Have also sent notes to your n'hood site as well as Whittier and Lyndale n'hood.

Here is the information:

Found: Male Husky Dog

Date: 7/11/2010

Location: Hiawatha Lake Park near Cedar Ave South and 42nd Ave East

Collar: Yes with outdated rabies tag.

Vet: From Lyndale neighborhood but vet does not return calls.

ID: no

Microchip: no

If you are missing a husky or know of someone missing their husky, please call (612) 860-0781 to describe.

Thank you!
